2 KEY INFORMATION ON THE ISSUER

2.1 Who is the Issuer of the Bonds?

2.1.1 Domicile and legal form, LEI and county of incorporation of the Issuer

Grant Thornton is a firm registered as a partnership of certified public accountants holding a practicing certificate to act as auditors in terms of the Accountancy Profession Act, 1979 (Chapter 281 of the laws of Malta).

2.2 What is the key financial information regarding the Issuer?

Set out below are highlights taken from the audited consolidated financial statements of the Issuer for the years ended 31 December 2017, 2018 and 2019:

Income Statement	FY2017	FY2018	FY2019

Cash Flow Statement	FY2017	FY2018	FY2019
Cash Flows from Operating Activities (€'000)	6,103	14,019	18,776

2.3 What are the key risks specific to the Issuer?

The most material risk factors specific to the Issuer which may negatively impact the operations and financial position of the Issuer should the circumstances mentioned therein materialise are set out below:

The Issuer was incorporated in 2005 and, through Palm City Limited (PCL), has been primarily involved in the development and operation of Palm City Residences. Until such time when the Medina Tower project and the Palm Waterfront project are fully developed and launched on the market, the Issuer will continue to be solely dependent on the business prospects and operating results of PCL.

The operations of PCL and its operating results are subject to a number of factors that could adversely affect the Group's business and financial condition, some of which are beyond the Group's control. These include:

2.3.1 Risks relative to the COVID-19 pandemic and possible similar future outbreaks

While COVID-19 is still spreading and the final implications of the pandemic are difficult to estimate at this stage, it is clear that it will affect the lives of a large portion of the global population and cause significant effects. The ongoing COVID-19 pandemic and any possible future outbreaks of viruses may have a significant adverse effect on the Group.

2.3.2 Risks relating to the political, economic and social environment in Libya

Whilst the Issuer and PCL are registered in Malta, the assets, operations, business interests and activities of PCL are located or conducted in Libya through a branch of PCL. The Issuer is also an investee in a joint stock company MTJSC in respect of the business interests of the Medina Tower project, another project that will be developed in Tripoli, Libya. An application for the establishment of an investment project is underway at the Libyan Ministry of Economy in respect of the future development of Palm Waterfront. The Group's business activities over the coming years are expected to be focused on and aimed at the development of the Medina Tower project in which the Group has a 25% holding and Palm Waterfront, which is to be developed by a 100% owned subsidiary of the Issuer. Accordingly, the Group is susceptible to the political and economic risks that may from time to time influence Libya's prospects. Negative political or economic factors and trends in or affecting Libya could have a material impact on the business of the Issuer.

2.3.3 Emerging market

The Group's prospects should be considered in the light of the risks and the difficulties generally encountered by companies operating in emerging markets. Businesses in emerging markets may not be operating in a market-oriented economy as known in more developed markets.

2.3.4 Natural disasters, contagious disease, terrorist activity and war have, in the past, adversely affected the expatriate community and similar events could adversely affect the industry in the future

Natural disasters, the spread of contagious disease (including COVID-19), industrial action, travel-related accidents, terrorist activity and war and the targeting of particular destinations have had a significant negative impact on the travel industry globally and such events could have a similarly negative impact in the future. Such events occurring in the location where the Group operates will invariably affect tenancy patterns and reduce the number of business travellers to the country, including demand for residential accommodation at Palm City Residences.

2.3.5 Issuer's reliance on PCL to service and repay Issuer's debt securities

The timely payment of interest payable by the Issuer on its debt securities could be negatively conditioned by unforeseen adverse circumstances affecting the operations of PCL which could significantly impinge on PCL's cash flow. The payment of interest and/or capital repayment on the Issuer's debt securities will be funded principally by the payment of inter-company loans or dividend pay-outs of PCL. The payment of inter-company loans and/or dividends by PCL will depend on, amongst other factors, any future profits, financial position, working capital requirements, general economic conditions and other factors that its board of directors deems significant from time to time.

2.3.6 The Group may not be able to obtain the capital it requires for development or improvement of existing or new properties on commercially reasonable terms, or at all

The Group's ability to implement its business strategies is dependent upon, amongst other things, its ability to generate sufficient funds internally and to access financing at acceptable costs. No assurance can be given that sufficient financing for its current and future investments will be available on commercially reasonable terms or within the timeframes required by the Group, also taking into account the need, from time to time, for the Group's properties to undergo renovation, refurbishment or other improvements.

2.3.7 Fluctuations in property values

Property values are affected by and may fluctuate, *inter alia*, as a result of changing demand, changes in general economic conditions, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices. The value of the Group's property portfolio may also fluctuate as a result of other factors outside the Group's control, such as changes in regulatory requirements and applicable laws (including in relation to taxation and planning), political conditions, the condition of financial markets, potentially adverse tax consequences, interest and inflation rate fluctuations.

2.3.8 The Group's indebtedness could adversely affect its financial position

The Group has a material amount of debt and the amount of debt funding of the Issuer is expected to increase as and when the Issuer undertakes the Medina Tower and the Palm Waterfront projects, and other possible future development plans. A substantial portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. A substantial portion of the cash flow currently generated from PCL's operations is utilised to repay its debt obligations pursuant to the terms of the facilities provided.

2.3.9 Reliance on the Corinthia Group and NREC

The Issuer relies, and will in future be relying, on the contacts and expertise of the Corinthia Group and NREC, its principal shareholders, in connection with providing assistance in the application for and procurement of permits, licenses or other development authorisations from the competent authorities in Libya, in relation to present and future projects. However, no assurance can be given that the Issuer or its subsidiaries will be able to use such contacts and expertise as and when required.

2.3.10 The Group may be exposed to certain financial risks, including interest rate risk which the Group may be unable to effectively hedge against

The Group's activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk and fair value risk), credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the Group's financial performance. The Group may be exposed to the risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows if any future borrowings are made under bank credit facilities set at variable interest rates. The Issuer's financial statements, which are presented in Euro, can be affected by foreign exchange fluctuations through both translation risk, which is the risk that the financial statements for a particular period or as of a certain date depend, although in part only, on the prevailing exchange rate to the Libyan Dinar against the Euro; and transaction risk, which is the risk that the currency of the costs and liabilities fluctuates in relation to the currency of its revenue and assets, which fluctuation may adversely affect its operating performance.

3 KEY INFORMATION ON THE BONDS

The Bonds are redeemable on 31 July 2023. The Bonds shall bear interest from and including 31 July 2020 at the rate of 5.5% per annum on the nominal value thereof, payable annually in arrears on each Interest Payment Date (31 July of each year between and including each of the years 2021 and 2023). The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole (in multiples of €100) in accordance with the rules and regulations of the MSE applicable from time to time. The minimum subscription amount of €1,000 shall only apply during the Issue Period and the Intermediaries' Offer (if it takes place). As such, no minimum holding requirement shall be applicable once the Bonds are admitted to listing on the Official List of the MSE and commence trading thereafter, subject to trading in multiples of €100.

3.2 Where will the securities be traded?

Application has been made to the Malta Stock Exchange for the Bonds being issued pursuant to the Prospectus to be listed and traded on its Official List. The Bonds are expected to be admitted to the Malta Stock Exchange with effect from 30 July 2020 and trading can be expected to commence thereafter.

3.3 Is there a guarantee attached to the securities?

The Bonds are guaranteed by Corinthia Palace Hotel Company Limited. The Guarantor guarantees the due and punctual performance of all the obligations undertaken by the Issuer under the Bonds and, without prejudice to the generality of the foregoing, undertakes to pay all amounts of principal and interest which have become due and payable by the Issuer to Bondholders under the Bonds, within sixty (60) days from the date such amount falls due and remains unpaid by the Issuer. Accordingly, until such time as Bonds remain in issue, the Guarantor undertakes to pay on an on-going basis interest which may become due and payable during the term of the Bonds and the principal amount of the Bonds on the Redemption Date should the Issuer default in paying the Bondholders under the Bonds. The Guarantor's obligations under the Guarantee shall remain in full force and effect until no sum remains payable to any Bondholder pursuant to the issue of the Bonds.

3.3.1 Domicile and legal form, LEI and country of incorporation of the Guarantor

Corinthia Palace Hotel Company Limited is a company registered under the laws of Malta with company registration number C 257 and having its registered office at 22, Europa Centre, John Lopez Street, Floriana FRN 1400, Malta. Its LEI number is 529900HIX50FN8L8JK88.

The Guarantor is the parent company of the Corinthia Group and is principally engaged, directly or through subsidiaries and/or associated entities, in investments that are predominantly focused on the ownership, development and operation of mixed-use real estate developments that consist mainly of hotels, residences, offices, retail and commercial areas, as well as industrial and event catering, in various countries.

3.3.2 Key Financial Information of the Guarantor

Set out below are highlights taken from the audited consolidated financial statements of the Guarantor for the years ended 31 December 2017, 2018 and 2019:

Income Statement	FY2017	FY2018	FY2019
Operating loss for the year (€'000)	(3,048)	(7,440)	(8,200)
Balance Sheet	FY2017	FY2018	FY2019
Net Financial Debt (€'000)	160,992	138,163	76,101
Current Ratio	0.71x	0.54x	3.78x
Cash Flow Statement	FY2017	FY2018	FY2019
Cash Flows used in Operating Activities (€'000)	(8,176)	(6,975)	(17,024)

The FY2019 financial statements of CPHCL include i) an emphasis of matter paragraph in relation to the basis of accounting and restriction of use of the financial statements relating to the fact that such statements represent the stand-alone financial statements of the Guarantor; and ii) a statement of material uncertainty in relation to the going concern as a result of COVID-19. The full audit report is available for inspection on www.mihplc.com

3.3.3 Key risks specific to the Guarantor

CPHCL has a long trading history in mixed-use real estate developments that consist principally of hotels, residences, offices and retail areas. Many of CPHCL's current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for the Guarantor wherever it may have business. Severe competition in certain countries and changes in economic and market conditions could adversely affect CPHCL's business and operating results. The Guarantor's prospects should be considered in the light of the risks and the difficulties generally encountered by companies operating in a mixture of mature and stabilised markets coupled with new and rapidly developing markets.

3.4 What are the key risks that are specific to the Bonds?

The most material risk factors specific to the Bonds are set out below:

- The impact of COVID-19, and other infectious illness outbreaks that may arise in the future, could adversely affect the economies of many nations or the entire global economy, individual issuers and capital markets in ways that cannot necessarily be foreseen. There can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. There can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.
- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should, theoretically, move adversely to changes in interest rates.
- The Bonds, as and when issued and allotted, shall constitute the general, direct, unsecured and unconditional obligations of the Issuer and shall be guaranteed in respect of both the interest and the principal amount due under said Bonds by the Guarantor. The Bonds shall at all times rank *pari passu* without any priority or preference among themselves and, save for such exceptions as may be provided by applicable law, shall rank without priority and preference to all other present and future unsecured obligations of the Issuer and the Guarantor, if any.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing. The Listing Authority has the authority to suspend trading or listing of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The Listing Authority may discontinue the listing of the Bonds on the MSE. Any such trading suspensions or listing revocations / discontinuations could have a material adverse effect on the liquidity and value of the Bonds.

In the event of the Issuer securing and making use of such banking facilities for the purpose contemplated herein, the Issuer shall make available to the market the necessary information in connection with such third-party financing through a supplement which will also be published and made available on the Issuer's website: www.mihplc.com

4.2.2 Underwriting

The Bond Issue is not underwritten. In the event that the Bond Issue is not fully subscribed the Issuer will proceed with the listing of the amount of Bonds subscribed for.
