MALTA FINANCIAL SERVICES AUTHORITY

Solvency II Circular for Insurance and Reinsurance Undertakings

The Malta Financial Services Authority (“*MFSA*”) has today published a revised version (Version 01/2016) of the Annual National Specific Templates (“*ANSTs*”), which may be accessed by clicking [here](#).

The difference between the prior version (Version 02/2015) and the above-mentioned version of the *ANSTs* relates to the inclusion of the XML file generation functionality as required by the Central Bank of Malta (“*CBM*”). The *MFSA* related sheets were not altered from the previous version.

It is important that *ANST* Version 01/2016 is used by the Insurance and Reinsurance Undertakings, otherwise the submission of the previous version will be rejected by the system. In this respect, please make sure that the *ANST* Version 01/2016 is submitted to both the *MFSA* and the *CBM* going forward.

Any queries in relation to the above should be directed to the *IPSU* mailbox at ipsu@mfsa.com.mt.
